

Links with Eco Schools

Eco-Schools is an international award programme that guides schools on their sustainable journey, providing a simple framework to help make sustainability an integral part of school life. Eco-Schools can help enhance the curriculum and get the whole school united behind something important. Their mission is to help make every school in the country sustainable and to bring about behaviour change in young people and those connected to them so that good habits learned in schools are followed through into homes and communities. Find out more about Eco-Schools by visiting the website: <http://www.keepbritaintidy.org/ecoschools/>

The table below links the Eco-Schools nine main topic areas to relevant Go-Givers lessons.

Topic	KS1	KS2
