

The Go-Givers Song

How would you feel if you fell down
In the middle of your street
And they just stared back – but no one cared that
You couldn't get back on your feet

What would you do if your best friend
Had a scary kind of day
With no one there, to show they care
Would you help or run away?

It's time to come together
And show the world we care

Chorus

Get up and go! Go Givers
Let's go! Go Givers
Let's stand together
And make a change
Go Givers go!

Come on, it's time to get moving
It's time to let the others see
That there's a way - let's start today
All it takes is you and me

So many people are hurting
Inside a world of fear and pain
It's time to fight - put things right
Don't we all deserve the same?

It's time to come together
And show the world we care

Chorus

Get up and go! Go Givers
Let's go! Go Givers
Let's stand together
And make a change
Go Givers go!

Go-go-go, Go Givers
Go-go-go, Go Givers
Go-go-go, Go Givers
Go-go-go, Go Givers

It's time to come together
And show the world we care
